## EXPERIENCE

### Wipro Limited (Mumbai)

**Apr2022 -Present**

Project Engineer

As a Project Engineer at Wipro, I played a crucial role in managing and executing projects to deliver innovative solutions for our clients. Here is a comprehensive description of my responsibilities and achievements in this role:

- Collaborated with a team of developers to design, develop, and maintain dynamic web applications using React.js, Node.js, and Express.js
- Developed responsive user interfaces with a focus on React components, ensuring optimal performance and a seamless user experience.
- Utilized Node.js for server-side development, handling RESTful API endpoints for efficient data retrieval and manipulation.
- Managed state and props in React components to ensure effective communication and data flow within the application.
- Created and maintained React components, contributing to the overall user interface development.
- Utilized HTML/CSS for front-end styling and layout, enhancing the visual appeal of the web applications.

## EDUCATION

### Srajan Institute of Technology Management and Science (Ratlam M.P.)

B.Tech –Electronics and Communication(ECE)

07/2017 - 05/2021

CGPA: 7.17

### Shree Gujrati Samaj H.S. School Ratlam (M.P.)

2017, Intermediate MPBSE

Percentage: 72.60

### New Green Field High School Ratlam (M.P.)

2015, Matriculation MPBSE

Percentage: 73.33

## Technical Skills-

### Language:

C#, Python ,SQL, JavaScript

### Web Technologies-

HTML, CSS,MUI ,Bootstrap5,

### Database-

MongoDB , MS-SQL Server

### Frameworks and Libraries-

ReactJs, Asp .Net Core, Node Js,Express js

### Tools and Platforms

Postman Tool ,Git,Vercel,Azure

## Achievements And awards

- **Valuable team Member and Key Contributor to Project Outcomes.**
- **Recognition Problem-Solving and Technical Expertise.**
